

ILLUMINATING CLEANSING OIL

GM105R

5.0 fl. oz. | 148 mL

GlyMed+ Oil Cleanser melts away makeup, sunscreen and impurities without stripping the skin. This botanical oil blends into a silky milk, rinses clean and leaves the skin soft, refreshed and barrier supported. It is ideal for all skin types and a professional-grade first cleanse.

RECOMMENDED FOR

All skin types. Great for dry, normal and sensitive skin and especially good for removing makeup.

DIRECTIONS

Apply 1 – 2 pumps of oil cleanser to dry hands and gently massage onto dry skin using circular motions. Focus on areas with makeup, sunscreen, excess oil or buildup. Add a small amount of water to emulsify, then continue massaging until the cleanser turns milky. Rinse thoroughly with lukewarm water and pat skin dry. Use as the first step in your cleansing routine, morning or evening.

INGREDIENTS

Ethylhexyl Palmitate, Helianthus Annuus (Sunflower) Seed Oil, Squalane, Sorbeth-30 Tetraoleate, Ricinus Communis (Castor) Seed Oil, Vitis Vinifera (Grape) Seed Oil, Olea Europaea (Olive) Fruit Oil, Oryza Sativa (Rice) Bran Oil, Rosmarinus O'icinalis (Rosemary) Leaf Extract, Helianthus Annuus (Sunflower) Extract, Oryza Sativa (Rice) Bran Extract, Simmondsia Chinensis (Jojoba) Seed Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Persea Gratissima (Avocado) Oil, Citrus Paradisi (Grapefruit) Peel Oil, Tocopherol

KEY INGREDIENTS

Sunflower Seed Oil: Rich in linoleic acid to strengthen barrier function and soothe dryness.

Squalane: Biomimetic, lightweight emollient that restores suppleness without clogging pores.

Castor Seed Oil: A natural humectant that binds impurities while supporting lash and brow hydration.

Grape Seed Oil: High in antioxidants and omega fatty acids for skin clarity and tone support.

Olive Fruit Oil: Deeply moisturizing with squalene and antioxidant protection.

Rice Bran Oil + Extract: Brightening, conditioning oils rich in vitamin B and ferulic acid.

Jojoba Seed Oil: Skin-identical lipid that balances sebum and reduces TEWL.

Sweet Almond & Avocado Oils: Deliver silky emollience for dry and dehydrated skin.

Rosemary Leaf Extract: Natural antioxidant to defend against environmental stressors.

Tocopherol (Vitamin E): Known to support skin recovery and protects oil integrity.

Citrus Paradisi (Grapefruit) Peel Oil: Refreshing aromatic profile for a sensorial cleansing ritual.

FREQUENTLY ASKED QUESTIONS

I have acne-prone skin. Will this oil cleanser break me out?

This cleanser is acne-safe! It's suitable for oily and acne-prone skin types and does not contribute to clogged pores. Unlike heavy leave-on oils, cleansing oils are specifically formulated with emulsifiers that allow them to transform into a milky texture and rinse clean with water. Rather than sitting heavily on the skin, they help dissolve makeup, sunscreen, excess sebum and daily buildup, so impurities can be washed away effectively.

What makes an oil cleanser effective at cleansing the skin?

Oil cleansers are effective because oils help dissolve and lift away oil-based buildup, including makeup, sunscreen, excess sebum and daily impurities. As the formula mixes with water, it emulsifies so the buildup can be rinsed away cleanly. This provides a thorough cleanse without harsh scrubbing or leaving the skin feeling stripped, helping maintain essential moisture for a soft, balanced and comfortably clean complexion.

Is this cleansing oil safe for sensitive skin and for people who are pregnant, undergoing oncology treatments or using Accutane?

This gentle cleansing oil helps dissolve makeup, sunscreen, excess oil and daily buildup while rinsing clean without leaving the skin feeling stripped. Its nourishing blend of botanical oils and emulsifiers supports a soft, comfortable and hydrated complexion, making it suitable for a wide range of skin types, including sensitive, oily, acne-prone and dehydrated skin.

The Illuminating Cleansing Oil does not contain retinoids or Hydroquinone. However, the safety and suitability of any skincare product during pregnancy, cancer treatment or other physician-directed care should be determined by your healthcare provider. Please consult your healthcare provider before introducing this or any new product, particularly if your skin is highly reactive or medically compromised.
